

REPRESENTATIONAL SOURCE CODE DEPOSIT – CREATORSUITE AI (LITERARY WORK)

****Author / claimant (edit if needed):**** Kamal Kant Hingorani
****Work:**** CreatorSuite AI – public marketing site source (HTML, embedded CSS, client-side script)
****Repository excerpt generated from:**** creatorsuiteai-website (root: index.html, creatorsuite.html, legal.html)
****Date of this deposit file:**** Generated for copyright application packaging.

Important notes (read before filing)

1. ****Scope:**** This deposit reflects the ****static website**** published at creatorsuiteai.org (and mirrored on creatorcanvas.org). The ****full application**** (e.g. React/Next.js on app.creatorsuiteai.org) is a ****separate codebase**** – if you also register that programme, prepare a ****second**** excerpt from that repo or add it in consultation with the Copyright Office.
2. ****Sensitive content:**** No API keys or database connection strings appear in these files. ****Third-party vendor names**** in legal copy (e.g. payment processors) are ****public**** business terms. One ****infrastructure**** label in the Privacy section is generalized to [CLOUD DATABASE PROVIDER] to reduce unnecessary operational specificity. In PART B, the ****operational street/area**** in the Contact section is replaced with ****[REDACTED FOR PRIVACY]**** in this deposit only (the live ****legal.html**** on the site is unchanged). ****Public**** support emails remain as on the live site.
3. ****First / last portions:**** Concatenated source order: index.html → creatorsuite.html → legal.html. Total ****955**** lines (including file banners). ****First 500**** and ****last 500**** lines below. Overlap: ****45**** lines (because total < 1000). This is normal when the work is smaller than 20 printed pages; some guides allow submitting the ****entire**** programme – you may instead submit this full file as one continuous PDF if the portal allows.
4. ****Export to PDF:**** Use VS Code / Typora / Word: print to PDF, ****monospace font**** (e.g. Consolas 9–10pt), A4, margins normal. Keep file ****under 10 MB**** (this text should be far below).
5. ****Footer on each printed page (add in Word/PDF header-footer):****

55 <p>1. Nature of Service (The 'Tool' Clause)

56 CreatorSuite is an AI-powered software tool for information purposes only. We are NOT a law firm. The documents generated are drafts/templates and do not constitute legal advice.</p>

57

58 <p>2. Global Compliance

59 You agree to comply with all applicable local, state, and international laws. You are solely responsible for ensuring that any content generated via this App complies with the laws of your specific region.</p>

60

61 <p>3. Limitation of Liability

62 To the maximum extent permitted by law, CreatorCanvas, its Proprietor (Owner), and Affiliates shall NOT be liable for any direct, indirect, or consequential damages arising from errors, omissions, or missing clauses in generated documents. Total liability is limited to fees paid by you in the last 12 months.</p>

63

64 <p>4. Indemnification

65 You agree to indemnify and hold CreatorCanvas, its Proprietor (Owner) and Affiliates harmless from any claims resulting from your use of the generated documents.</p>

66

67 <p>5. Pricing & Subscription Terms

68 Since our services rely on third-party AI infrastructure costs, pricing is subject to change without prior notice. However, any active subscription will be honored at its original rate until the end of the current

billing cycle. Future renewals and new subscriptions will be charged at the rates effective at the time of payment.</p>

69

70 <p>6. Third-Party Disputes & No Recourse

71 - Sole Liability: In the event of any legal
action between You and any Third Party arising from a document generated by this
App, You shall be the sole party liable.

72 - No Recourse: You explicitly waive any
right to seek compensation or contribution from CreatorSuite.</p>

73

74 <p>7. AI Unpredictability & Technical Malfunction
(CRITICAL)

75 - No Malicious Intent: You acknowledge that
the App is designed with positive intent. However, Artificial Intelligence is
inherently probabilistic and may occasionally produce "hallucinations," errors, or
unintended outputs ("Misbehavior").

76 - Assumption of Risk: You accept that any
such "misbehavior," omission, or commission by the App is a technical limitation of
AI technology, not a malicious act by the Developer.

77 - Total Waiver: You agree that the Developer
shall bear NO LIABILITY for any actions taken by you based on such unintended App
behavior. You are solely responsible for verifying all outputs.</p>

78

79 <p>8. Refund Policy & Account Suspension

80 - Termination for Breach: We reserve the
right to ban or suspend any account found violating these Terms, including
generating illegal content, abusing the referral system, or attempting to
reverse-engineer the platform.

81 - Effect of Ban: If your account is banned
for a violation of these Terms, you forfeit all remaining subscription time and
credits.</p>

83 <p>9. Governing Law, Jurisdiction, and Mandatory Law
Carve-Out

84 These Terms are governed by the laws of India. Subject to
applicable mandatory consumer-protection law, the courts at New Delhi, India, shall
have exclusive jurisdiction over disputes arising from or related to the App,
payments, subscriptions, and generated outputs. Where non-waivable local law grants
a consumer the right to file in local forums, that right will apply only to the
minimum extent required by such law.</p>

Override

87 The policy/version in force at the time of purchase applies
to that purchase, except where a later law, regulation, court order, or binding
government direction requires a different outcome. In such cases, we will comply
with mandatory law to the extent required.</p>
